Website Updates Documentation

Phase 2 Layout Alignments, Feature Additions, and Navigation Setup

DOCUMENT TYPE

SYSTEM UPDATE REPORT

PREPARED BY

Royal Crown Consultancy Services & @RCCS
Global

PREPARED FOR

Lather High School

DATE OF ISSUANCE

August 20, 2026

1. Executive Summary

This document provides a comprehensive overview of the Phase 2 user interface (UI) modifications, feature enhancements, and content updates executed on the Lather High School official web portal. The primary goal of these updates was to align the website with the current administrative policies, school schedules, and digital admission processes, while enhancing overall user experience and page speed performance.

All developments were successfully validated against strict TypeScript compilations and deployed to the GitHub repository to trigger the production hosting environment.

2. Core Layout & Navigation Adjustments

To declutter the user experience and ensure content validity, several outdated layouts and sections were removed, and menu links were redirected appropriately.

Homepage Cleanups

- Removed the **Academic Calendar** and **Media Bulletin** columns from the homepage, focusing attention on core value propositions.
- Redirected the Hero Section call-to-action (CTA) button from the payment portal to the new admissions page.

About Us Cleanup

- Removed the **Key Milestones / Lather High School Timeline** timeline layout component from the 'About Us' section, simplifying historical details to prioritize current infrastructure achievements.

Fees & Billing Removal

- Completely deleted all routing, content files, and page configurations under the **/payment** route.
- Cleaned database seeding scripts to remove all payment records and tuition pricing content configurations.

3. New Feature Integrations

Three critical, premium pages were developed and integrated into the school's online ecosystem:

Online Admission Request Page (/admission)

A highly polished, responsive form was designed to capture primary enrollment requests from parents. Key parameters collected include:

- **Student Information:** Student Full Name, Target Class level (dropdown selections from UKG to Class 12), and Gender.

- **Contact Information:** Parent/Guardian Name, primary Gmail Address, alternate Email ID, and 10-digit Phone Number.
- **Secondary Details:** Text fields for remarks, previous school history, and specific learning concerns.

Upon submission, the form locks user inputs, triggers a loading spinner, and outputs a visually clean success receipt detailing the application data. In the backend, data is posted to a public logging API endpoint.

Frequently Asked Questions Page (/faq)

An interactive, accordion-based FAQ page was created to address parent inquiries quickly. Topics covered include school operating hours, campus location, CBSE affiliation structure, co-educational policy, admissions requests, and billing contacts. Animations provide smooth transition cues for opening and closing questions.

Our Staff Page (/staff)

Replacing the previous 'Alumni Network' page, the new 'Our Staff' page displays a professional profile grid of our teaching faculty. Each card features the teacher's profile picture, name, qualification details, years of experience, and pedagogy biography. A live text search bar and department filters let users find teachers instantly.

4. Footer Redesign & Color Theme

The footer was redesigned to reflect the brand manual exactly as provided in the layout reference guides:

- **Brand Color Integration:** Set the primary container background to solid Navy Blue (**#172554**), headers underline accents to Crimson Red (**#C62828**), and contact icons/link hovers to Amber/Orange (**#F59E0B**).
- **Brackets on Country Code:** Phone number links in the contact list were formatted with parentheses around the country code, e.g., **(+91) 94665 18003**.
- **Floating WhatsApp Icon:** A permanent, floating click-to-chat WhatsApp button (using official brand green color **#25D366**) was added in the bottom right corner of the website. It redirects directly to the admin line: **<https://wa.me/919466518003>**.
- **Copyright & Propulsion Credits:** Centered the footer copyright text to '**© Copyright Lather High School. All Rights Reserved.**' and added propelling links to *Royal Crown Consultancy Services* and *@RCCS Global*.
